## Languages

English Upper Intermediate PTE Academic Overall Score:70

Turkish Mother Tongue

Spanish Learning

## Other Interests

DIY Projects

Blog Writing

Video Games

## About Me

I am a university student who tries to live a creative and productive life. I really enjoy solving real-life problems using engineering skills and I prefer to master at jobs which I enjoy doing.

## Carrier Aim

While doing the job I truly love, adding creativity to my own life and everyone's life around me, applying my own ideas to real life, and completing given task fully and in time.
